

20 January 2017

2017 SCHOOL FEES

Dear Parents and Guardians

We would like to welcome all learners, parents and guardians to the 2017 academic year. We look forward to a fulfilling academic year.

The 2017 budget process was a rigorous process and the School governing body had robust debates around the economic environment in which the school operates. We are pleased to report that SGB, parents and guardians approved a non-school fees increase for the 2017 academic year. We are aware of the pressure that the tough economy is placing on both the school and our parents. We are committed to spending wisely on the upkeep, maintenance and development of our facilities. The pressure placed on the school's cash flows remain high, and we urge parents to prioritise payment of school fees and extras.

The school will continue to offer a differentiated fee to parents who wish to pay their school fees in advance. Again, please see the attached Schedule for these fees. For your information the following cut-off dates will apply:

- School fees paid in advance by the 31st January 2017 will have a 8.5% discount (R1653.25)
- School fees paid between 1st February 2017 to 28th February 2017 will have 7.5% discount (R1458.75)
- Similarly, if fees are paid in full between 1st March 2017 to 31st March 2017 will have a 7% discount (R1361.50)

The following deposits must be paid by all parents, who have not settled their school fees by the 31st of January 2017

- All Grade 8 : R4500.00
- All New Learners: R4500.00
- All Grade 9 to 12: R2000.00

The school banking Details are as follows:

**STANDARD BANK: RIVONIA (001255);
CURRENT ACCOUNT NO. 022978453**

In all cases, parents will be billed monthly in advance from February to October (i.e. 9 months). All extra costs for books, sport, functions, outings, etc. will be billed as they are incurred and are paid as and when they become due and will not be billed to the school fees account.

We thank you for your continued support and wish you and child a successful 2017.

Yours in Education
